DIVERSITY

Embracing Our Differences

We are as unique in our individuality as we are in our diversity. Differences in race, culture, gender, sexual orientation, physical challenges and ethnicity define our workforce and client population. We believe diversity strengthens and empowers us to build a meaningful and healthy organization. We support fostering an environment that values our differences and makes our lives more fulfilling. We embrace the skills and talents that each of us give to our communities, clients and workplace. We are committed to supporting and using our staff's wealth of knowledge to serve an increasingly diverse multicultural community.

We Value Diversity by Embracing

- The diversity of our clients and staff, knowing not only that it's the right thing to do, but also a good thing for all of us.
- Diverse perspectives, skills and contributions that enhance our practice.
- An ongoing commitment to exceptional customer service that reflects respect and appreciation for all the people we serve.

What Our Commitment Means to Us

We welcome the opportunity that diversity brings. We choose to experience diversity as an opportunity for celebration and growth rather than a challenge to be managed. We strive to build an atmosphere that creates solutions, welcomes opportunity and supports cooperation. We renew our commitment to diversity by affirming our dedication and determination to build a strong future.

We Affirm That

- We are dedicated to providing services to children and families that are diversified, individualized, responsive and inclusive.
- We are committed to engaging service providers that meet the cultural and ethnic needs of its clients in their own communities.
- We are committed to providing equal opportunity that is accessible to all and a workplace that is reflective of the diverse communities we serve.
- We strongly support reaching out and developing relationships, which broadens our ability to partner and participate in a wealth of diverse community settings.
- We promote open communications between staff, providers and community partners that facilitates fairness, honesty, integrity and teamwork.
